excerpt from hymns of the present century from the german this collection is entirely composed of hymns written or first published in the nineteenth century the reasons which have led the translator to confine himself to this period are because many of the sacred poets of the time take a high place on their own merits among the christian singers of germany and because a large number of the writers and hymns of this period are unknown to english readers some of the most popular ones in germany to day seem to have attracted little or no attention in our own country this limitation of the area of choice gives its distinctive character to the present collection of german hymn translations about the publisher forgotten books publishes hundreds of thousands of rare and classic books find more at forgottenbooks.com this book is a reproduction of an important historical work forgotten books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy in rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition we do however repair the vast majority of imperfections successfully any imperfections that
